

## The Copper Queen Store.

### January Bargains

Some January bargains worth while. Genuine reductions on present need merchandise, conservatively told of. The bargain might appear greater if we placed an exaggerated value on the goods told of below. For instance, the Shirt Waists at ninety cents might seem cheaper if we said they were worth \$1.50 or \$1.75 instead of \$1.25, their actual worth. As it is, the actual saving is 35c. on each waist, and an actual saving of 35c. is better than a supposed saving of 50c. or more. But to the reductions.

**FLANNEL SHIRT WAISTS**, reduced from \$1.25 to 90c.

Red, navy and black flannel; trimmed with soutache braid, gilt buttons. We've told of these before, but so long as there are any left, the reduction is worth telling of often.

**FLANNEL SHIRT WAISTS**, reduced from \$2.25 and \$2.50 to \$1.75.

Some new styles have been placed on sale at this price to take the place of those sold. If anything, the newer ones are even prettier than the first ones reduced.

**FLANNEL WAISTS**, reduced from \$5.00 to \$3.75.

You may pick and choose from any Five Dollar Flannel Waist we have in stock—there are some very pretty ones—and on the purchase price you'll save \$1.25. Up to a few days ago they were \$5.00 each.

**GIRL'S JACKETS** at \$3.25 and \$4.25 that were priced at \$6.50.

These Jackets are in large sizes mostly—for fourteen, sixteen and eighteen year old girls. Don't be deceived by the fair weather of yesterday and the day before. There'll be plenty of days yet this season when such jackets as these will be most welcome. Then think of the service they'll give next year. At \$3.25 and \$4.25 the jackets are indeed bargains.

**TH. DELINEATOR** for February is now on sale at the Dry Goods Department. The usual amount of interesting reading matter for women folks—and a hint of early spring styles. 15c. a copy.

## NOW!

### WHEN YOU COME TO THINK OF IT!

You ought to have a pair of new shoes, and if you will come up and see the new ones we just received straight from the factory, and the nice easy price that goes with them, you will certainly be wearing one of those glad smiles that you always wear when you have on a swell pair of shoes. And, by the way, don't forget that we have a dandy line of hats, too, as well as anything else in Gentlemen's Furnishings.

## Tobacco Companies Will be Consolidated

New York, Jan. 11—Cable from London this morning says the American Tobacco company is arranging to buy out the Henry Clay and other tobacco companies. London groupe is also arranging to purchase and consolidate the entire tobacco product of Cuba, having formed a company with fifteen millions capital this afternoon.

## Bad Men Captured Now Safely Jailed

Clifton, Ariz., Jan. 11—Officers Gus Dobbs and Dutch Keppeler captured a man from Morenci, Tuesday, who is believed to be Harvey Egan, the much wanted murderer and train robber who is especially notorious by reason of his connection with the recent famous Montana train robbery. He answers in every particular to the description of the criminal for whose capture a large reward is offered.

The police at Morenci first remarked the resemblance of their prisoner to the description offered in a circular sent out by the Montana authorities, and close comparison convinced them that at least one of the three men they have arrested on a misdemeanor charge is guilty of complicity in the train hold-up. The prisoner has been removed to the county jail at Solomonville for safe keeping.

The suspect is one of a trio of bad men who were arrested for peddling jewelry without a license. The other two prisoners will be held at Solomonville also pending investigations. A plausible theory advanced by the authorities here is that these men are members of the Bill Smith gang of cattle rustlers and murderers who have infested the mountain regions in Eastern Arizona for more than a year and who formed one of the causes which rendered it necessary to organize a ranger company.

## REVOLUTION.

### Republic of Paraguay in Throes of Disruption

Buenos Ayres, Jan. 11—Rumors were circulated here yesterday of a revolution in the Republic of Paraguay which turn out to be well founded.

The revolution which broke out at Asuncion, the capital, was caused by a question of presidential succession, the term of President Aceval expiring in November this year.

The revolutionary junta is composed of General Caballero, General Escobar, Col. J. A. Escura, Senor Marro and Senor Prietas.

A collision occurred in the Chamber of Deputies during which Senor Facundo Infran was killed and General Caballero, Senor Miguel and Corbellan and Deputy Fernando Carreras severely wounded.

The Congress of Paraguay has placed the Government in the hands of the Vice-President Senor Hretor Carvallo.

## Copper Exports.

New York, Jan. 10.—The improved condition in the industrial line, particularly in England and Germany, is largely responsible for the increased exports of copper. Of course the reduction in prices made by the United Metals Selling company, as agents for the Amalgamated, which was followed by the independent producers, has spurred the foreign consumers into quick purchases before an advance was ordered. According to the figures compiled by the Metal Exchange, the exports of copper in December were 8,620 tons, as compared with 6,367 tons in November, and is the largest monthly export since June. European stock of copper is 21,940 tons, an increase of 1,361 tons during the month, but a decrease of 9,979 tons from December, 1900.

## Whisker Balled.

New York, Jan. 11.—This morning the New York Central offered bail for Engineer Whisker, who was arrested directly following the tunnel disaster as responsible for the awful fatality. The company's bail was refused, but that offered by Lawyer Paulding, nephew of Senator Depew, will be accepted. Whisker has been in a state of collapse since the accident, but cheered this morning when bail was promised. The company believes him blameless and will give him a life position in the yards.

## Johannesburg's Gold

Johannesburg, Jan. 11.—Today the chamber of mines issued a statement showing the product of mines for the month of December to be fifty-two thousand eight hundred ounces fine gold against thirty-nine thousand ounces in November.

## A Daring Forgery Petition For Pardon

Helena, Mont., Jan. 11—Governor Toole has unearthed one of the most daring fraudulent attempts for the release of a convict from the penitentiary that ever came to light in this state.

Some time ago the governor received a letter from the then vice-president, Theodore Roosevelt, saying that a letter had been returned to him from the dead letter office, purporting to have been written by him, asking for a pardon for Lancelot G. Livingstone, a convict in the Montana penitentiary. Vice-President Roosevelt said the letter was a forgery.

A few days ago the full extent of the forgery looking to the pardon of Livingstone was revealed. A petition was received from the prisoner, asking for executive clemency, and stating that he was a member of a prominent New York family. There were 1,020 names signed to the petition, among them being those of August Belmont, Hugh Grant, Vice-President Roosevelt, Rev. C. H. Parkhurst, Thomas A. Edison, A. Astor Chandler, Gasper Whitney, E. D. Morgan and Henry Stillman.

Governor Toole wrote to a number of the signers; and they all replied that the signatures were forgeries.

Livingstone was convicted of obtaining money on a forged check in April, 1900, and was given five years in the penitentiary.

## Jim Hill Explains Railway Combine

Fargo, N. D., Jan. 11.—President James J. Hill, of the Great Northern railway, this afternoon addressed the Tri-State association of grain and cattle growers which has been in session here this week.

The attendance today was very large, including farmers and business men from all parts of Minnesota and both Dakotas, special delegates having come today from Duluth and the Twin Cities to hear him.

Mr. Hill's address was long, dealing with the question of merging the Northern Pacific and Burlington systems and its effects on the northwest.

Washington, Jan. 11.—Senator Quay arrived from Florida this morning looking quite well. He called at the White House and spent half an hour with the President. Touching the stories of continued ill health and the statement that he would retire from public life Quay said: "There is nothing in it, I will serve out my term."

Pacific Cable Discussed

Washington, Jan. 11.—The House Committee on Commerce today took up the subject of a Pacific cable. The main question was whether the cable shall be constructed by the Government or by private parties. The hearing today was devoted to an explanation by Vice-President Ward, of the Commercial Pacific Cable company, of the plans of that company. He stated that the terms had been made for the manufacture and laying of the cable to Honolulu by November next and the company intended to extend the cable to Manila within two years from next November.

He gave the cost of the project as between ten and twelve millions. Mr. Ward gave the expected rate to Manila at \$1.00 and Honolulu, 33 cents to 50 cents a word.

Youthful Murderer

San Jose, Cal., Jan. 10.—Frank Newman, a seventeen-year-old lad, who shot and robbed M. C. Arps last November, was today sentenced to 25 years in the State prison.

Negro Lynched

Knoxville, Jan. 11.—Jim Mays, colored was hanged today by an infuriated mob at Knoxville, Tennessee. Mays had assaulted a white girl and was taken into the school yard before the children and hanged.

## ROBBERY.

### Richie and Crawford Jailed at Naco.

\$980 Stolen from Johnson—Quick Work of Officers—Outlaws Leave Keys Behind.

Another robbery has been committed at Naco, Johnnie Johnson is \$980 short and two lawless characters are safely lodged in jail awaiting the stern hand of the law. At least this was the situation when we went to press at an early hour this morning.

John Richie and Crawford, two well known individuals bearing very unfavorable reputations, are the ones who the officers apprehended and put under arrest. John Richie for some time ran the wheel at the Club saloon in Bisbee while Crawford is a bartender who has worked in a variety of the saloons here and in neighboring towns. The last place he worked was in the 'Adobe at Naco.

Johnson upon going to his room found his trunk unlocked, his clothes turned up side down, and upon examination found that the money which he had left in his trunk was gone. But the robbers did not "cover their tracks" altogether for they had left a bunch of keys in the trunk.

The officers were at once notified by Johnson and after some still hunting these arrests were made and the culprits jailed. It seems very clear that they have the right men, as the keys that were found hanging from the trunk lock were identified as belonging to Richie, with whom Crawford was associated and with whom he was seen late Saturday morning. Both men are looked upon with general suspicion and are hard characters. Every means will be adopted to give them the full extent of the law, as Naco is getting very tired of the nightly escapades that are generally common there in the shape of hold-ups and shooting scrapes.

## BROKE JAIL.

### Five Prisoners Escape and Have Fled

At a late hour last night five prisoners, who had been lodged in the city jail, made good their escape and leave no clue to their whereabouts.

Two of the number had almost got away the day before, but Officer Johnson appeared on the scene in time to block their game. Yesterday when they had been given time from ninety to a hundred days they were returned to the same cells, where they had been placed the day before, and were not long in sawing their way to freedom.

## Postmaster-General Leaves for Washington

Milwaukee, Jan. 11.—Postmaster-General Payne, wife and niece left this afternoon for Washington. They were given an enthusiastic greeting at the depot.

## Arizona Statehood.

Washington, Jan. 11.—The House Committee on territories today fixed January 23 for hearings on the Oklahoma statehood bill; the 31st for the Arizona statehood bill, and February 7th for the New Mexico statehood bill. The bill to create the territory of Jefferson out of the Indian territory was referred to sub-committee headed by Knox, of Massachusetts, and including Flinn, delegate from Oklahoma.

## Bank Fails

Painesville, O., Jan. 11.—Painesville bank failed today owing to the suspension of the Euclid savings institution of Cleveland. The suspension of the Euclid saving bank was caused by a run upon that institution.

## Schley's Loving Cup.

Knoxville, Jan. 11.—Admiral Schley will be presented with a splendid gold loving cup upon his visit here February 6th.

## Christian Church.

The Christian Church, of which H. W. Studley is pastor, last Sunday organized a Sunday school which will hereafter be held at 2:30 Sunday afternoon. The church is arranging for a social which will be given some time in the near future, the evening not yet being determined upon. The church is enjoying a general prosperity.

Service at 8 p. m. Subject, "Stability." H. W. Studley, pastor. Good singing.

## \$50,000 Appropriation Experimental Station

Washington, Jan. 11.—Senator Hale succeeded in securing an appropriation of fifty thousand dollars for the erection of a naval experimental station long desired by engineers as an adjunct to navy. Heretofore the naval officers had to trust to Germany and other countries for important experiments in the matter of leading naval features.

## FOR STATEHOOD.

### Governor Murphy Leaves for Washington to Assist the Committee.

Phoenix, Jan. 10.—Gov. Murphy will leave for Washington, D. C., tonight, to be gone about thirty days. The object of his trip is to while at the national capital assist the committee recently chosen by the statehood convention in their efforts to secure the passage by congress of an enabling act for the admission of Arizona as a state. Those acquainted with the governor's standing in Washington can best judge the immense amount of good which is bound to result for this territory from his efforts. Other questions besides statehood, will, however, be given attention. The question of rehabilitation of the post at Fort Whipple will be given a hearing on the 24th of this month by the committee on military affairs of the U. S. Senate. Gov. Murphy will appear before this committee and make every effort to have the Arizona fort again reorganized.

Assisting him in this effort will be Gen. McArthur, commander of this department, with headquarters in Denver. It was thought the first of this month that Gen. McArthur would visit Phoenix and this territory before he left for Washington, and such may yet result. He was extended an invitation by Gov. Murphy, but replied that he could not accept until after the meeting of the military committee in Washington. Mr. F. M. Murphy then devised a plan and arranged special railway accommodation for the general, again extending an invitation similar to the one sent by the governor. To this invitation Gen. McArthur telegraphed that he would reply in a few days and would use every effort to accept.

Gov. Murphy, however, has decided that in order to be of any assistance to the statehood committee, he must get to Washington at once; and as stated, will leave tonight, depending upon the board of trade and local committees to receive Gen. McArthur should he decide to visit Phoenix. This condition he expressed himself as being sorry to have come about, he having extended to Gen. McArthur the invitation.

## Lodges.

The several lodges of Bisbee have been active the past week and a general spirit of progress is manifested. Not only has there been work done in the several chapters, but interest in a social way has been enjoyed.

## Eastern Stars.

A very interesting meeting was held by the Eastern Stars Thursday evening at their chapter rooms when the entire set of officers were installed for the ensuing year. There was a good attendance and the chapter was well represented. After the officers were duly installed a banquet was given where all partook of an enjoyable spread. Music and toasts were features of the evening.

The officers who will serve the ensuing year are as follows:

Mrs. Abbie M. Mason, Matron; Mr. L. L. Samuels, Patron; Mrs. Carrie Hunt, Associate Matron; Mrs. Sykes, Conductor; Mrs. Murlhead, Associate Conductor; Mrs. H. M. Shields, Secretary; Dr. Chambers, Treasurer; Mrs. Taite, Chaplain; Mrs. Howell, Marshal; Mrs. Nemick, Organist; Mrs. Overlock, Warden; Mrs. Brown, Outside Sentinel; Mesdames Moore, Welmer, Beckwith, Edmundson and Miss Cobb, Five Points of the Star.

## Rebeccas.

The Rebeccas had their annual installation of officers Friday night, which was followed by a very pleasant luncheon. The order was well represented and the officers were installed by the district deputy, Mrs. G. P. Pritchard.

The officers elected for the next year are as follows:  
Noble grand, Mrs. Crouch.  
Noble vice grand, Miss Doherty.  
Secretary, Miss Stowe.  
Recording secretary, Mrs. Shields.  
Treasurer, Mrs. Williams.

## Society.

There will be a charity ball given by the Economic club at the Bisbee opera house Monday evening, January 20th.

## SHOOTING IN OAKLAND

### The Assailant Known in Bisbee—Relative of the Brophy's.

The San Francisco papers which arrived here on Friday contain an account of a shooting affray which occurred in Oakland on the night of January 6th.

Richard Gorman, a young grocery clerk, was accidentally shot by Edward Flannigan, who was making an assault on Austin O'Brien, in the store of the latter. Gorman interfered and received a bullet intended for O'Brien.

Interest here attaches to the shooting, owing to the fact that Edward Flannigan is the father of Mrs. M. J. and Mrs. W. H. Brophy of this city.

The San Francisco Call publishes the following account:  
Richard Gorman, the Grocer's clerk, shot last night by Edward Flannigan at Fourteenth and Persimmon streets, died at 5 o'clock this morning at the Receiving hospital. Flannigan is confined in the city prison, but will not be charged with any crime until after the coroner's inquest, which will be held Saturday evening at 8 o'clock.

The trouble which ended so seriously started early in the evening, when Austin O'Brien, the grocer and employer of Gorman, met Flannigan in Massimo's saloon, corner of Fourteenth and Center streets.

O'Brien, it is said, invited Flannigan to take a drink. Flannigan, who was then considerably under the influence of liquor, refused. This offended Mr. O'Brien, who proceeded to administer to Mr. Flannigan a beating, the evidence of which the latter still bears in the shape of an ugly scar on the forehead and a broken nose.

Flannigan left the scene and was not seen again until 8 o'clock, when he presented himself in O'Brien's grocery store, drunk, armed and angry. Gorman was ejecting Flannigan when the pistol exploded. The bullet struck Gorman in the abdomen.

## NAPOLEON PROPERTY

### Work Continues With Gratifying Results—Ledge Turning Over.

B. Jones, vice president of the Napoleon Gold Mining company, was in Bisbee yesterday and was very enthusiastic over the output at the Napoleon gold mining camp, eight miles south of Naco.

Mr. Jones stated that the blanket ledge which had been stripped down the side of the mountain for a distance of sixteen hundred feet, had at that point turned over and a shaft being sunk at that point showed that the ledge was going down and had widened to ten feet.

This is considered highly favorable and stamps the Napoleon property as a mine of permanence with ore in sight, at the lowest calculations to last for a number of years.

The same high class of ore continues and mining men who have recently visited the property are unanimous in the opinion that the Napoleon is a valuable property. Two shafts are now employed sinking the shaft and the company are in jubilant spirits concerning the bright future before them.

## New Hotel.

The Copper Queen hotel is rapidly nearing completion. Manager Rouzer was seen yesterday and expressed himself well pleased with the progress.

"We are pushing the work with every possible vigor to get well opened to the public in the very near future. The people of Bisbee are all anxious to see the hotel opened up to the public and have been patient from the beginning of the construction. The Copper Queen will be an entirely up to date hotel as every one knows who has looked over the new structure, and will do credit not only to Bisbee but to the Southern portion of Arizona. We cannot accommodate all our guests now, and we will doubtless be overrun when we are in shape to receive them."

It only requires a glance through the office, billiard and reception rooms to see that every comfort will be given those who register at the Copper Queen.

For Sale—Team, wagon and harness. Horses weight, 2,500. Call up telephone 41. 11-12-imp
